## **REPORT OF SCHOOL BOARD**

You will find in the following report a summary of the past year.

We wish that more parents and citizens would attend the coming school meeting, as full justice cannot and never will be done us, our teachers, and all who have anything to do or say as to the manner in which certain school work is to be done, unless a more marked and punctual attendance is to be had at such stated meetings.

We feel that by an earnest discussion of the work to be taken up for the coming year, so that all circumstances as can and will be fully understood, we shall then be fully able to do justice to the schools and the town.

We have made the usual repairs, have hired such teachers as circumstances would permit and have endeavored to conduct all business in a fair and proper manner.

We hope and look forward to far better success in the future and wish to extend our thanks to those who so kindly aided and used their influence for the betterment of our schools.
